CREATE A JAMI ACCOUNT

CLICK ON THE JAMI ICON
ON YOUR PHONE TO OPEN THE APP

OPEN THE APP :
CLICK > Create a Jami account

CREATE A NEW ACCOUNT :
Any personal information is OPTIONAL

1- Choose a username (OPTIONAL)
If you do not want to add a username, it will generate a random ID of 40 characters. In that case, you will need to share your id of 40 characters to yours contacts. You can register a username later

2- Add a password (OPTIONAL)
⚠️ WARNING There is no "I forgot my password" procedure, do not lose your password.*Having a password is NOT mandatory. It adds a layer of security by encrypting your private key locally on your phone.*

3- Choose a profile picture or avatar (OPTIONAL)

You can create an account without registering any personal information :

UNCHECK "Register public username" and CLICK "Create"
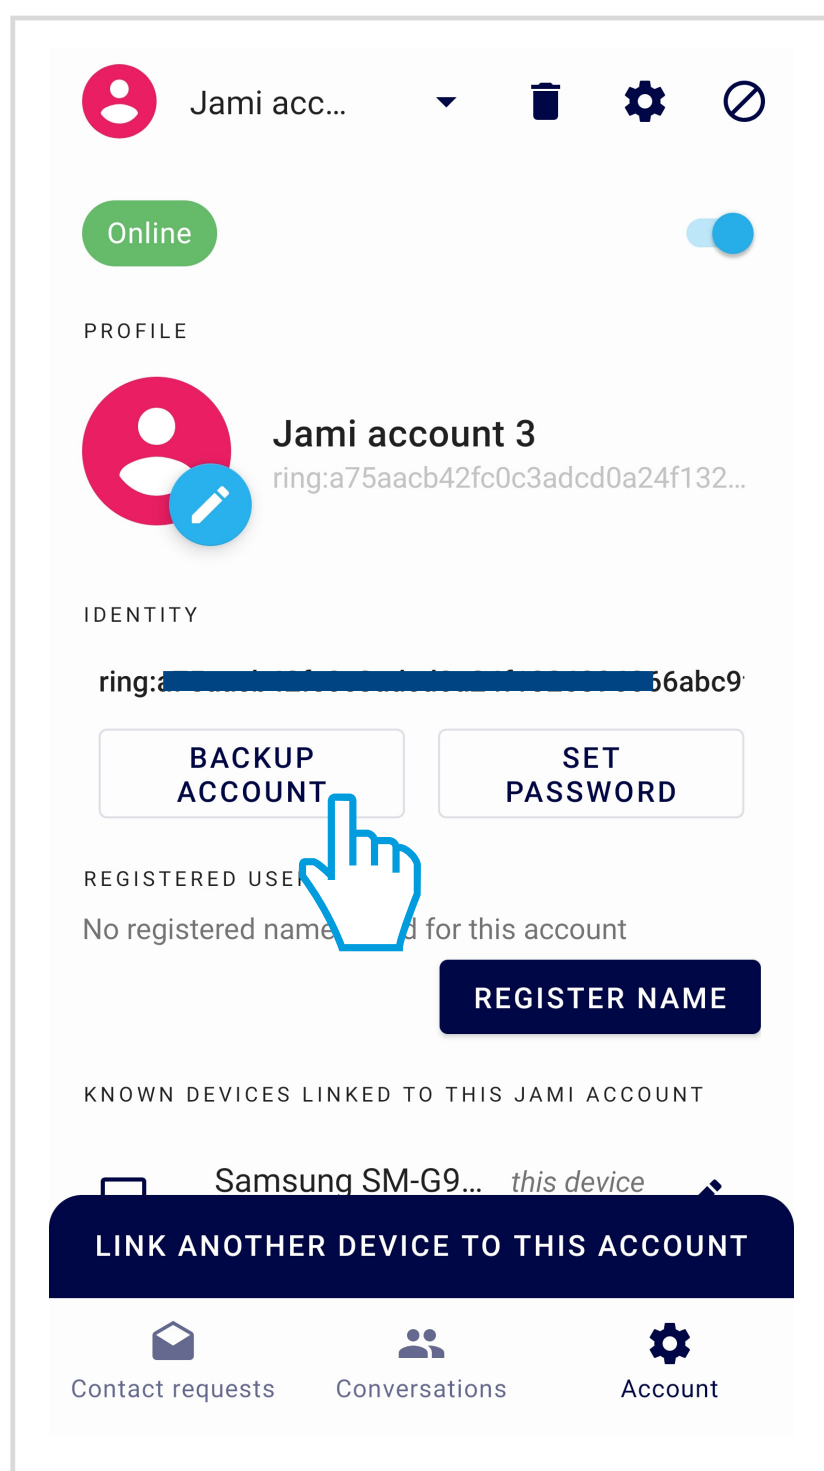

GO TO YOUR SETTINGS TO BACK UP YOUR ACCOUNT (OPTIONAL) :

With Jami, ONLY YOU have control over your personal data. Backing up your account enables you to :

1- Transfer your account on any of your devices
2- Keep your contacts and conversations

CONGRATULATIONS! This is your new Jami account:
